NEW!

TABLE-TOP ELECTRIC COOKER

WITH DUAL TEMPERATURE CONTROL
AND WATER COOLING FEATURE!

No more over-cooking! Unique ability to monitor and control temperature of product AND skin of kettle. Stop cooking process by connecting cooker to cold-water source (sink faucet) and open valve to flush heat out of heating element, thus preventing temperature overshoot.

Fudge
Caramel
Toffee
Brittle
Hard Candy
And More!

Ideal for
R&D Labs!

- All stainless steel construction
- 3KW / 230VAC / Single Phase
- Cooking capacity up to 25 lb / 10 kg
